Expected Jun 2028

Selected Coursework: Computational Methods; Machine Learning for Economists

Shanghai Jiao Tong University | Antai College of Economics and Management

Shanghai, China

Bachelor of Finance; Minor in Big Data and Business Management

Jun 2026

WES GPA: 3.78/4.00 | Exchange: UBC Sauder School of Business (Fall 2024); NUS Summer Program (2023)

PROFESSIONAL EXPERIENCE

Tencent | Corporate Development Group (CDG), FinTech

Shenzhen, China

Strategy & Business Analysis Intern

Jan 2026 - Apr 2026

- Analyzed B2B/B2C payment needs, use cases, competitors, and business models, synthesizing market findings into decision materials for the FinTech strategy team and strategic opportunity discussions.
- Evaluated AI healthcare products across capabilities, positioning, user scenarios, and end-to-end experience, framing opportunity and user-adoption insights.
- Built a Dify workflow to automate weekly reporting and research synthesis, standardizing information capture for recurring strategy research.

Boston Consulting Group (BCG)

Shanghai, China

Part-Time Assistant (PTA)

Jun 2025 - Sep 2025

- Reviewed hundreds of reports for BCG expansion strategy work; built a 20+ dimension benchmarking model and produced analytical exhibits, structured insights, and client-facing written materials.
- Researched enterprise AI applications in digitalization, covering workflow automation, AI-enabled marketing, and decision-support use cases.

WeBank | Risk Modeling Division

Shenzhen, China

Risk Modeling Intern

Jan 2025 - Feb 2025

- Supported large-scale credit scoring model development with Python, SQL, Spark, and Hive, comparing LR, RF, XGBoost, and GBDT by AUC, KS, and Gini.

Haitong Futures | Wealth Management Center

Shanghai, China

Wealth Management Intern

Jun 2024 - Sep 2024

- Conducted due diligence on 50+ quantitative private-fund products using Wind, Capital IQ, and Python through return decomposition and peer comparison.
- Built Python-based analyses to evaluate fund performance metrics and visualize trends for investment evaluation and wealth-management review.
- Delivered weekly investment memos and financial modeling outputs to support product comparison, investment evaluation, and stakeholder discussions.

SELECTED RESEARCH

Undergraduate Thesis: Text Analysis of Investor-Company Q&A

Advisor: Prof. Yun Feng, Department of Economics

Aug 2025 – Jun 2026

- Analyzed 5.36M rows of 2015-2024 A-share investor Q&A records from exchange interactive platforms and institutional research meetings, using BERTopic and LLM-assisted auditing to identify topic structures and investor heterogeneity.

Intelligent Course Advisory AI Agent

Mentor: Prof. Xuan Wei

Mar 2025 - Jun 2025

- Designed a personalized Dify recommendation module with multi-path workflows and a 2,800+ entry course-and-review knowledge base for course advising. Applied LLMs for intent recognition, structured output, and final-answer aggregation to automate course information extraction and recommendations. Used by 40+ classmates for course selections.

LEADERSHIP & SOCIAL IMPACT

Director of Communication Division, SJTU Alumni Association

Sep 2023 – Mar 2026

- Directed communications for 50+ SJTU alumni branches, coordinated annual events, and supported operations digitalization.

General Director, XingRan Long-Term Volunteering Project

Sep 2022 - Jun 2024

- Led an SJTU volunteer team over 100+ tutoring children with disabled parents in partnership with a local nonprofit.
